Waitlist Related Actions

Families will

- Receive notification of offers by email or text message from NOLA-PS
- Accept/decline offers from their application dashboard

Head Start programs will make their own offers to families and this may happen on a slightly different timeline based on Head Start availability.

Families will no longer be able to accept/decline offers. Expired offers will have a sub-status of revoked next to the school's name on your application dashboard.

Families will see all new, eligible school choices updated with "Waitlisted" sub-status. Applications must be in "Admissions" status to have your added school choices waitlisted.

Only verified, eligible students will be added to waitlists
