

K-12 Open Enrollment Grades with Eligibility Criteria

Some schools have certain criteria that students must meet in order to be eligible to enroll. During Open Enrollment, students must complete the next steps at the school to confirm eligibility before enrolling.

- Schools with Academic Eligibility Criteria require prospective students to take an academic assessment to demonstrate proficiency.
- Schools with Language Eligibility Criteria require prospective students to take a foreign language assessment to demonstrate proficiency.
- Schools with Open House Eligibility Criteria require the student and a family member to attend an open house to learn about the educational experience.

Prospective applicants can contact each school's admissions office directly to fully understand all eligibility requirements and evaluation criteria, or for more information.

Process for Enrollment Once Eligibility is Confirmed by School

1. School informs family that the student is eligible to enroll and shares Seat Request Form.
2. Family completes a Seat Request Form to indicate the student would like to enroll for the 2022-2023 school year.
3. School enrollment lead emails the completed Seat Request Forms to the NOLA-PS enrollment team.
4. NOLA-PS team assigns the student to their new school for the 2022-2023 school year.
5. Family receives email confirmation of school assignment.
